

Quiz in Discovery Education

1. Sign onto Discovery Education, choose **My Builder Tools**. In the next window under **Quiz Builder** select **Create New Quiz**.
2. Provide the general information on the next page. On this page you can attach a resource. Either search for a video or choose a video you have saved in **My Content**.
3. On the next page create your questions by choosing **Create a Question** when you are finished adding your first question choose **Finish Editing**. Your question can be Single Answer, Multiple Answer, Short Answer or True/False. To add a second question select **Create a Question**. You can also type an explanation for the student if the question is answered incorrectly. You must choose "Allow student to view graded quiz (with correct answers revealed)" on the **Edit** page. To continue to the next step choose **Save and Continue**.
4. You can assign you quiz by **Class or Student** or by **Code or URL**.

- a. To assign by class or student you need to add the student's name, assign a username and password.
- b. If you assign the quiz by code, the student will go to <http://assignments.discoveryeducation.com/> They will enter the assignment code and a screen name that you give to them.
- c. You can assign the quiz by sharing the URL. They will need a username, but will not need a code.

Add Student
Your student will be added to your class and school roster.

First Name: *	Student ID:
<input type="text"/>	<input type="text"/>
